## Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. P. J. CHENEY & CO., Toledo, O. ## THOUGHTS ON BUSINESS

BY  
WALDO PONDRAY WARREN

### ALL WORK A SCHOOL

THE man who gets the most out of life is the man who lives to learn. An old man, walking by the banks of a river, said to his grandson: "See this river, my child. It has a different interest for every one of us. That man yonder thinks of it merely as a place to fish. The boys down there think of it as a swimming pool. The man who owns the sawmill considers it a part of his workshop. Those young people in the launch think of it as a pleasure stream. The farmer finds that it enriches his fields. The cows come down to drink. The old settlers tell us of a battle that was fought near the bend. And you and I find it a many-sided object lesson. For you are soon to go out into the world, and you will find life like this river. You will observe that every man thinks of it from his own standpoint. Some are idlers along the banks waiting for chance to bring them what they want; some row up stream and some float down; some find refreshment, some only pleasure; some see only the hard work; and some are looking back at the past, thinking of the battles that have been fought in years gone by. But you and I will find it a great object lesson—a school where all the activities of men and women become lessons, and where progress in wisdom and goodness is the chief motive in all that we do."
